PROFESSIONAL SUMMARY

Fourth-year Computer Science student and Mobile Application Developer with 1 year of hands-on experience building Flutter applications using Dart. Skilled in REST API integration, Firebase, state management, JSON parsing, and CRUD operations, with a strong foundation in OOP, Data Structures, and Algorithms. Seeking an internship or entry-level Flutter / Mobile Application Developer role to contribute to real-world software projects.

EDUCATION

Modern Academy | **Bachelor of Computer Science**
GPA: 3.40 | Excellence | Expected Graduation: 2027

2023–2027

EXPERIENCE

• Concentrix

Oct–Dec 2025

Call Center Agent

- Handled 10+ calls/day, maintaining an 80% customer satisfaction score.
- Assisted 10+ customers/shift, resolving service issues through active listening and problem-solving.

• Digital Egypt Pioneers Initiative (DEPI)

Jul 2026–Present

Mobile Application Development Trainee

- Developed 3+ Flutter applications using Dart, including a Metro app, with OOP, algorithms, navigation, reusable widgets, and state management.
- Integrated 3 Firebase services—Authentication, Firestore, and Storage—using CRUD operations and JSON data handling.

PROJECTS

Metro Monorail App

Oct 2026

Contributed to a Flutter-based Metro and Monorail navigation application, implementing route planning, station selection, travel time estimation, nearest station detection using device location, and route history.

Flutter Dart Geolocation SharedPreferences Route Planning Responsive UI Google Maps

News App

Jun 2026

Implemented a Flutter news application using Dio to consume a REST API, parse JSON data, and display articles across 7 categories with image caching.

Flutter Dart REST API Dio JSON API Integration Image Caching

E-Commerce App

Jul 2026

Implemented 3 Firebase services in a Flutter e-commerce application: Authentication, Cloud Firestore, and Firebase Storage for user and product data management with CRUD operations.

Flutter Dart Firebase Authentication Firestore Storage CRUD

SKILLS

Mobile Development

Flutter Dart Responsive UI REST APIs JSON Parsing State Management Provider BLoC

Firebase & Databases

Firebase Authentication Cloud Firestore Firebase Storage SQLite Shared Preferences MySQL CRUD

Programming Languages

Python C++ Java SQL

Machine Learning

Scikit-learn Pandas NumPy Matplotlib OpenCV

Development Tools

Git GitHub Android Studio VS Code Postman

Software Engineering

OOP Data Structures Algorithms Clean Code Problem Solving API Integration

CERTIFICATES

Complete Flutter & Dart Development Course [Arabic]
